

I am writing to complain about the treatment I received at WGGB, ABC 40 in Springfield MA when I called to complain about the decision to air "Stolen Honor". They were not interested in my opinion and forwarded me to the corporate office. The corporate office did not provide any satisfaction. This is not how I am used to being treated by businesses and I don't think that they are fulfilling their responsibilities. Please take this into consideration when you are considering their next license.

Thank you

Dave Collette
